DRIVECAM muvi

App controlled Quad HD Dash Cam with GPS Tracking, Wi-Fi and G-Sensor auto record

The Muvi DriveCam with GPS tracking captures your journey in 1080p HD footage that can be viewed, via the App, on your smartphone, tablet or PC. Fully equipped with motion detection for automatic start/stop recording and a G-Force sensor, so should your car be involved in a collision, your files will be automatically protected.
